Bob Fischer said because there was no new business, we would discuss the
results

They discussed how some of our positives can be used to help with the
negatives.

One thing that is good is there are far more positive things in the survey
results than negatives.

One place we need is more advice on how to market Portville and showcase the
positives. It was brought up that we would see it Deb Opferbeck, Cattaraugus
County Dept. of Economic Development, Planning and Tourism would be available
